Summary

An executive-level leader with significant experience in EMS administration, clinical quality management, disaster management, and accredited paramedic education. I love to find answers to questions and solutions to problems and to teach others to do the same. I am passionate about effective leadership and management during disasters, improving the quality of prehospital medicine, and leveraging data to drive decision-making and improve organizational processes.

Work Experience

Parkland Health, Dallas, TX

2023 – Present

Dallas Fire-Rescue Office of the Medical Director

Quality Manager

- Leading EMS clinical quality management team at large, urban fire-based EMS system.
- Developing and implementing quality management plans and processes.
- Project management for implementing new projects, medical devices, and treatments including IV pumps, mechanical CPR devices, and prehospital blood transfusions.
- Conducting data analysis to identify opportunities for improvement and understand system performance.

Cypress Creek EMS, Spring, TX

2012 – 2022

Progressive, high-volume 911 EMS agency with an accredited education program

Director – Compliance, Quality, and Education

March 2021 – December 2022

- System-level focus on improving operational efficiency, quality, and compliance with accreditation standards and regulatory requirements.
- Led comprehensive effort to overhaul and improve organizational policies and standard operating procedures.
- Directed initial and continuing EMS education program, including an accredited paramedic program.
- Following organizational bankruptcy, continued leading paramedic program through to completion.

Clinical Director

June 2019 – March 2021

- Executive-level leadership responsibility for education and quality of patient care in a large 911 EMS system with critical care transfer and fixed-wing flight programs.
- Grew Clinical Quality and EMS education team by 250%.
- Exceeded goals for education programs and improved financial performance by 24%+.
- Redesigned paramedic course curriculum to achieve 99% credentialing exam pass rates.
- Renewed and maintained ABHES and CAAHEP/CoAEMSP accreditations along with DSHS state licensure as an Education Program.
- Speaker/presenter at three industry conferences, including SETRAC's RHPC Symposium.
- Led agency response to COVID-19 pandemic, coordinating activities with regional hospitals, partner agencies, and SETRAC, developing and updating internal policies and procedures, and coordinating solutions for logistics and supply challenges.
- Agency incident commander for 2021 ice storm, leading initial preparation efforts and managing EOC/ICS leadership team throughout disaster to deploy assets, adjust protocols and procedures, and respond to an evolving disaster situation.

Senior Clinical Supervisor**2016 – 2019**

- Planning Section Chief during Hurricane Harvey. Deployed statewide as Texas Emergency Medical Task Force (EMTF) Medical Incident Support Team member and assisted at CMOC.
- Represented agency with partner hospitals, agencies, and SETRAC.
- Managed projects relating to performance improvement, disaster response, data analysis, and registry support.
- Led procurement efforts for capital equipment to support clinical and education programs.
- Taught EMT and paramedic courses with 60+ graduates over four years.
- Introduced novel life-saving medical treatments, including the first use of blood transfusions on ground ambulances, point-of-care ultrasound, and advanced ventilator therapy.
- Authored and edited chapters in a new edition of the IPMBA Public Safety Cycling textbook.
- Speaker/presenter at one industry conference.

Clinical Specialist**2014 – 2019**

- Improved operational and clinical efficiency by developing and deploying updated analytics reporting processes.
- Wrote a 352-page fully updated clinical protocol set, produced multimedia and video training materials, and coordinated in-person training and testing for all providers in the organization.
- Managed Electronic Health Records software transition for a 200+ provider, 45,000-call/year EMS organization.
- Contributed to two clinical research projects as a contributing author.

In-Charge Paramedic**2012 – 2019**

- Provided several thousand hours of patient care on a high-volume 911 patient ambulance.
- Used progressive, advanced protocols, treatments, and equipment to treat injured and ill patients in the community. Treated multiple severely ill patients, including those requiring advanced airway management, gunshot wounds, stabbing, and pediatric and neonatal resuscitation patients.

Longview Regional Medical Center, Longview, TX**2010 – 2014****EMS Instructor**

- Taught BLS/CPR, ACLS-EP, PALS, ITLS, and AMLS courses for EMS students, EMS professionals, nurses, and physicians with consistent “above-average” and “exceptional” ratings from students and fellow instructors.

ETMC EMS, Tyler, TX**2009 – 2012****Lead Paramedic**

- Lead paramedic on 911 and interfacility transfer ambulances in both rural and urban settings.

Champion EMS, Longview, TX**2008****Lead Paramedic****Education**

Thomas Edison State University**2019****BS/BA in Business Management**

- Graduated with 3.94 GPA, inducted into Alpha Sigma Lambda Honor Society
